Report of Superintendent

To the School Board and Citizens of Dummer:

Herewith is presented for your consideration and inspection the annual report of Superintendent of Schools with statistics for last complete school year (1941-42).

Two schools (Willis and West Dummer) with three teachers were maintained for year of 36 weeks. The percentage of attendance for the year was 95.6.

At the close of the year in June, five pupils were graduated from the Eighth Grade at Willis School and four pupils at West Dummer.

At the present time five pupils from Dummer are enrolled in High School at Berlin and one at Gorham.

We now have in both schools five pupils in the Eighth Grade.

Both schools have been regularly visited and inspected during the year by the Superintendent and in general it can be stated that work in essential subjects has been properly accomplished.

The present year opened with a new teacher, Miss Florence Deegan, at West Dummer. Miss Deegan is a graduate of Gorham, Maine Normal School. Also at the Willis School, a new teacher, Mrs. Geraldine Given, a graduate of Farmington, Maine Normal School, and a teacher of several years experience. The work is being well carried on by both of these new teachers. The present war condition have thrown some additional duties cheerfully assumed and accomplished.

The enrollment at Willis School is still quite large and for best results it would seem advisable to continue with two teachers.

Statistics for the last complete school year are as follows:
